For Immediate Release

Leading Computer Installation Firm PCCi welcomes Goldman, Jacks and Lerch:

Mechanicsburg, PA (May 03, 2010) – Beth Goldman, Allan Jacks and Adam Lerch have all joined the acclaimed IT firm Pierson Computing Connection, Inc.

Beth Goldman will be the new Sales Executive for the firm. She has a rich history of sales experience following her 17 year career with IBM/Lenovo. She will be responsible for expanding sales in new areas of business for PCCi.

Allan Jacks has joined PCCi as a Senior Systems Engineer. He brings with him over 11 years of information technology experience and has extensive experience in LAN/WAN support for small, single server solutions to enterprise server farm solutions. He will be responsible for providing IT consulting services for Server and SAN solutions, as well as providing internal technical support.

Adam Lerch, a former summer intern for PCCi, joined the firm on a full time basis following his graduation from Penn State in June. Adam is the Technical Lead on multiple installation teams, installing digital technology in schools and businesses across ten states in the North Eastern United States.

Pierson Computing Connection Inc., a Certified Woman Business Enterprise, is the Commonwealth's premier information technology firm. Their goal is to be the partner of choice for computer equipment management and installation for businesses in industries throughout the United States and to continue exceeding expectations for the Commonwealth of Pennsylvania and all their clients.

Pierson Computing Connection, Inc. (PCCi) is located at 6 North Frederick Street, in downtown Mechanicsburg, Pennsylvania. Their spacious 2,000 square-foot corporate headquarters is positioned in the Harrisburg Regional Technology Corridor Enterprise Zone.
